

36th Euroheat & Power Congress

27-28 May 2013, Vienna, Austria

High speed network installation
with flexible Thermaflex solutions

Christian Engel

Thermaflex Group

From low speed to high speed

What are possible High Speed
Solutions for DHC networks?

Pre-fab networks from the coil

Flexalen Mammoth Drums

Up to 1km Flexalen
from the drum

Pre-fabricated House connections

Warmtenet Hengelo

2.000 Appartments plus 2.000 renovated Houses/Appartments
High Speed connected

Conclusions High speed Flexalen

- 4-5 times faster installation
- 60-70% less connections on site
- 8 House connections per day
- 30% reduction of the installed cost

**High speed Solutions
in pre-insulated pipes
since 1981**

Thank you!
