

wideco

A photograph of a busy city street on a rainy day. The street is wet and reflective, with steam rising from a manhole cover in the foreground. Several yellow taxis are visible, including one in the foreground with a 'LOGIC PRO' sign on its roof and license plate '4L61'. In the background, there are tall buildings with various signs, including 'BROOKLYN' and 'PERFECT'. The overall atmosphere is urban and slightly hazy due to the rain.

Wi **simplify** the way to a sustainable **future** developing smart connected solutions

WISION EVENT: Leak detected on Veggatan 10 apartment 101. WISION AI initiating alarm actions

WISION EVENT: Outdoor temperature sensor on Veggatan 10 registered 2+ C increase. WISION AI initiating optimization with new values.

WISION EVENT: Low CO2 values registered in conference room on floor 7. WISION AI initiating ventilation process.

After 40 years of monitoring infrastructure underground, we are starting our journey towards expanding with smart solutions above ground

WISION ALERT: Transmission pipeline 102. Possible leak detected at 2245 meter. WISION AI compare function starting.
